BERNADETTE BORROMEO-MACATANGAY

Marketing Operations | Social Listening & Digital Analytics

gnehb7@gmail.com | linkedin.com/in/bernadette-b-63347680

PROFILE SUMMARY

Marketing operations professional with over a decade of experience in social listening, digital analytics, and customer engagement across BPO and shared-services environments. Hands-on experience building and refining listening queries in enterprise platforms (Sprinklr, Social Studio, Radian6, Mediatoolkit), creating dashboards, validating data quality, and presenting insights to regional and global clients. Holds a Bachelor's in Engineering and a Master's in Business Analytics, with a track record of translating complex data into clear, actionable business recommendations.

CORE COMPETENCIES

Social Listening & Query Design | Sprinklr, Social Studio, Radian6, Mediatoolkit, Salesforce

Dashboard Development & Recurring Reporting | Performance reports, trend analysis, KPI tracking

Data Quality Assurance & Noise Reduction | Query refinement, keyword filtering, cross-platform validation

Sentiment & Customer Feedback Analysis | Brand vs. competitor benchmarking, feedback categorization

SEO Strategy & Keyword Research | Keyword integration into content topic profiles for search visibility

Stakeholder Coordination & Client Presentations | Daily, weekly, and monthly metrics delivery to clients

Team Training & Quality Coaching | Onboarding, deliverable review, best-practice sharing

PROFESSIONAL EXPERIENCE

MRM | *Social Reports and Listening Coordinator* Jun 2023 - Sep 2024

- Built and refined social-listening queries in Sprinklr to monitor online conversations, identify trends, and gauge sentiment across markets and products.
- Maintained platform health by continuously updating keywords, filters, and exclusions to reduce noise and improve the relevance, coverage, and quality of listening results.
- Developed recurring performance reports assessing campaign effectiveness, with data-driven recommendations for content strategy and marketing activities.
- Validated data quality by cross-referencing Sprinklr outputs with native platform data to ensure report accuracy before delivery.
- Led social-listening and measurement projects, sharing best practices across teams to support knowledge sharing and reporting consistency.
- Collaborated with cross-functional stakeholders to deliver timely social analytics reports within agreed service-level timelines.

Foundever | *Social Media Analyst* May 2016 - Jun 2023

- Implemented SEO strategies by integrating targeted keywords into content topic profiles to enhance search engine visibility.
- Gathered and analyzed customer feedback and sentiment data on Sony TV, Digital Imaging, and multimedia products, comparing brand mentions against competitor benchmarks.
- Categorized customer feedback to identify key trends, complaints, and product insights across Sony product lines.
- Generated data visualizations (tables and diagrams) to illustrate data quantities and relationships for stakeholder presentations.
- Delivered daily, weekly, and monthly metrics presentations to clients on overall performance and trends.
- Tools used: Social Studio, Radian6, Mediatoolkit.

ABS-CBN Corporation | *Senior Associate Social Media Analyst* Feb 2014 - May 2015

- Reviewed and created social media team deliverables, ensuring quality and accuracy of outputs before delivery.
- Trained and provided quality coaching for new team members to maintain reporting standards.
- Analyzed and surfaced insights across the company's social media platforms for ABS-CBN lines of business.
- Produced reports on trending analysis, competitor comparison, share of voice, demographics, social media influencers, and sentiment analysis for ABS-CBN News and ABS-CBN Mobile.

Concentrix | *Cisco Community Moderator and Social Media Specialist* Feb 2006 - Nov 2013

- Monitored Linksys-Cisco Community Forums, enforcing community standards and supporting customers with technical inquiries to ensure a positive community experience.
- Collected and analyzed trends and potential product issues from community interactions to inform product teams.
- Engaged customers via Facebook and Twitter to strengthen the company's social media presence and rolled out new programs and promotions.
- Gathered and analyzed product and service reviews and feedback to surface solutions and improve the customer service experience.

Link2Support Inc. | *Senior Product Support Specialist* Feb 2003 - Feb 2006

- Handled customer support escalations for LAN and WLAN networking devices, VoIP, L2/L3 switches, network gateways, VLANs, network drives, and media interface appliances.
- Served as research engineer for the Product Known Issue (PKI) Team, testing hardware and software patches and firmware to identify potential issues before release.
